

## **Message from the Children: Know Thy Self By Suzy Miller, M.Ed.**

There is an unwinding taking place deep within the collective consciousness of humanity. It is an unwinding that will ultimately reveal what has always been true, but was purposefully repressed and forgotten.

Until now, the collective psyche was not mature enough to reclaim the truth of Self. It had been traumatized, devastated, and suppressed.

Like the One source, the Divine spark within your expression could *never* be fully extinguished.

Now is the time when the collective shift back to divine intuitive awareness will occur *en masse* and begin to be trusted. create beyond what has been created before, gain the energetic maturity necessary to move past the concepts of who we are and begin to experience the Oneness that we are here to offer.

This process is disguised as a means to greater connection to Us. However, in truth, each time you engage in this process you will become increasingly aware that we are and have always been right here with you.

This process is simple and direct. Be with yourself each step of the way. Seek to know your Self so that you may know Us in our full expression. Know your Self, so that, together, humanity can rise above what is currently known as the human condition and experience the divine within.
